*The customs value determined under this Valuation Ruling shall be applicable customs value for assessment of the relevant goods until and unless revised or rescinded by the competent authority.*

- ii) *Review application against this Valuation Ruling may be filed before the Director General of Valuation under Section 25D of the Customs Act, 1969, within thirty days from the date of determination of customs value under this ruling.*

**SUBJECT: Valuation of "Polyester Chain Items" under Section 25A of the Customs Act, 1969**

Meeting of all stakeholders of "Polyester Chain Items" was held on 17-01-2011 to revise the values of the Polyester chain items on the basis of data of raw materials i.e. imported/locally produced Pure Terephthalic Acid (PTA) and Mono Ethyl Glycol (MEG).

The participants were in agreement about the fact that the values for Polyester Chain Items should be increased as values of raw material i.e. MEG & PTA had gone upwards. There was complete consensus among the participants that the values of Yarn computed as per historical formula were reasonable and should be considered. The revised values of Polyester chain items reflect an approximate cumulative increase of 9% as compared to values determined earlier.

Fresh values have been computed under Computed Value Method as envisaged under Section 25(8) and are attached as Annex-"A" & "B". These values are accordingly determined under Section 25A of the Customs Act, 1969. All the Collectorates of Customs are advised to ensure implementation of these revised

... The aforesaid values shall remain valid till revised. However if the  
... (invoice value is higher the same shall be applied)
