DETERMINATION OF CUSTOMS VALUES OF TYRES & TUBES-I (PASSENGER CARS) UNDER SECTION 25A OF THE CUSTOMS ACT, 1969

(VALUATION RULING NO. 17-00 /2022)

C. No.Misc/08/2005-III/12264.

Dated: 07-12-2022

In exercise of the powers conferred under Section 25A of the Customs Act, 1969, the Customs values of Tyres & Tubes of Passenger Cars are determined as follows:

- 2. **Background of the valuation issue:** Earlier, the Customs values of Tyres & Tubes of different types and sizes including those of Passenger Cars were determined under Section 25A of the Customs Act, 1969 vide Valuation Ruling No.1543/2021 dated 03-08-2021. However, different stakeholders requested to re-determine Customs values afresh in line with values prevalent in the international market. Therefore, an exercise has been undertaken by this Directorate to determine the same.
- 3. Stakeholders' participation in determination of Customs values: All relevant stakeholders were consulted time to time for determination of Valuation Ruling including M/s Pakistan Tyre Importers and Dealers Association (PTIDA), M/s General Tyre and Rubber Company of Pakistan Limited and M/s Service Long March Tyres (Pvt.) Ltd. They submitted their proposals for consideration and the same were considered pertaining to the valuation of subject goods.
- 4. Analysis / Exercise done to determine Customs Values: M/s Pakistan Tyre Importers and Dealers Association (PTIDA) informed that international market has shown a mixed trend of prices over the period of time and submitted their proposed prices accordingly. Proposals of Local Manufacturers i.e. M/s General Tyre and Rubber Company of Pakistan Limited and others were also considered and their points of view were heard in detail to arrive at Custom values of subject goods. In this regard, ninety (90) days' data has also been retrieved and the same has been scrutinized. Subsequently, market inquiry has also been conducted and examined in the light of this Directorate's Office Order No.17/2014 dated 19-03-2014 and in terms of Section 25(7) read with Section 25(9) of the Customs Act, 1969.
- 5. Method(s) adopted to determine Customs values: Valuation methods specified in Section 25 of the Customs Act, 1969, were duly applied in sequential order to arrive at the

Customs values of subject goods. The transaction value method as provided in sub-Section (1) of Section 25 of the Customs Act, 1969, was found inapplicable due to wide variation of values in import data. Moreover, the requisite information under law was not available to arrive at correct/transaction value. Therefore, identical/similar goods value methods provided in Sections 25(5) (6) ibid were examined for applicability to determine Customs values of subject goods. The data provided some references; however, it was found that the same could not be solely relied upon due to absence of absolute demonstrable evidence of quantities and qualities, variation in declaration and specifications. Information available was, hence, found incomplete. In line with statutory sequential order of Section 25 of the Customs Act, 1969, this Directorate conducted market survey under sub-Section (7), read with Section 25(9), of Section 25 of the Customs Act, 1969. Various Wholesale and Retail Markets were visited to observe the actual prices of Tyres and Tubes. On the basis of available data / information collected and exercise conducted the values of Tyres and Tubes have been determined under sub-Section (7), read with Section 25(9), of Section 25 of the Customs Act, 1969.

- 6. Customs values of Tyres and Tubes-I (Passenger Cars) hereinafter specified, shall be assessed to duty / taxes at the Customs values as per attached <u>Annexure-A</u>, which forms integral part of this Valuation Ruling along with the following conditions:
 - i) If a radial tyre is imported which is not covered in this Ruling and whose specifications are similar to normal tyre except for being radial, such tyres may be assessed at 12% higher value than that of the normal tyre.
 - ii) Values of the tyres with different "ply" shall be assessed by adding or subtracting from the determined value @ 3% per two ply rating.
 - iii) Discount of 5% is admissible for import of tyres and tubes through land route on C&F value determined by this Directorate.
 - iv) If tyres and tubes having specifications other than those mentioned in the valuation ruling are imported, the Collectorates may assess the goods under Section 25A of the Customs Act, 1969 or may refer the case to this Directorate General for suitable advice.

KARACHI

- 7. In cases, where declared values are higher than the Customs values determined in this Ruling, the assessing officers shall apply those values in terms of sub-Section (1) of Section 25 of the Customs Act, 1969. In case of consignments imported by air, the assessing officers shall take into account the difference between air freight and sea freight while applying the Customs values in this Ruling.
- 8. Validity of this Valuation Ruling: This Ruling, containing the Customs values for assessment of subject imported goods, shall be applicable until and unless the same are rescinded or revised by the competent authority in terms of sub-Section (4) of Section 25A of the Customs Act, 1969.
- 9. Revision of the values determined vide this Valuation Ruling: If aggrieved, a revision petition may be filed against this ruling as provided under Section 25D of the Customs Act, 1969, within 30 days from the date of its issuance, before the Director General, Directorate General of Customs Valuation, 7th Floor, Custom House, Karachi.
- 10. The Collectors of Customs may kindly ensure that the values given in the Valuation Ruling, for the given description of goods, are applied by the concerned assessing officers / officials without fail. Any anomaly observed may kindly be brought to the notice of this Directorate immediately. The Customs values determined in this ruling are for the

descriptions and specifications as mentioned in Para-6 of this Ruling. HS Codes are mentioned for illustrative purposes so that Valuation Ruling is made accessible to the assessing officers. The assessments shall be finalized on the basis of correct classifications after fulfilling all formalities related to importability or other certifications required thereon.
