2.	Date of meetings with stakeholders	The meetings with relevant stakeholders were conducted on 23.03.2024 and 18.09.2024 and 17.12.2024.

Background of the Issue: The customs values of Spark Plugs determined vide addendum dated 25.11.2020 of Valuation Ruling Number 1470/2020 dated 11.09.2020 were challenged before the Director General of Customs Valuation under Section 25D of the Customs Act, 1969 by the stakeholders that was upheld by the Director General vide Order-in-Revision No. 12/2021 dated 16.03.2021. Being aggrieved the stakeholders filed customs appeals before the Honorable Customs Appellate Tribunal. The Customs Appellate Tribunal vide its order of judgment dated 07.02.2022 set aside the entry at S. No. 3 of Annexure to Valuation Ruling No. 1470/2020 dated 11.09.2020, its addendum dated 25.11.2020 along with the Order-in-Revision No. 12/2021 dated 16.03.2021 with the direction to issue a new Valuation Ruling for Spark Plugs depicting correct description in consultation with stake holders. Accordingly, proceedings for the determination of customs values of Spark Plugs were initiated under 25A of the Customs Act, 1969.

2. **Analysis to determine Customs Values:** Meetings were convened on 23.03.2024, 18.09.2024 and 17.12.2024 that were attended by relevant stakeholders including the representatives of PASPIDA, KCC&I, and other commercial importers along with the local manufacturers / assemblers were invited to participate in the meeting and share their input on the matter. information as required under sub-section (2) of Section 25 of Customs Act, 1969. Therefore, identical goods value method provided in Section 25(5) was examined for applicability to determine Customs values of subject goods. However, it was found that the same could not be solely relied upon due to absence of absolute demonstrable evidences of quantities and qualities. Information available was, hence, found incomplete. Subsequently, similar goods value method provided in Section 25(6) was also examined for applicability to determine Customs values of subject goods and was not considered due to afore-stated reasons. Moreover, declared values of similar goods had showed consistent variations. Hence, this method was also found inapplicable. Market enquiry as envisaged under Sub section (7) of Section 25 of the Customs Act, 1969 was also conducted of subject goods were also worked upon but could not be solely relied upon due to fluctuation of different prices. In line with statutory sequential order of Section 25(8) of the Customs Act, 1969 was examined, but the same also could not be applied as the conversion cost from the constituent materials and allied expenses, in the country of export, were not available. Finally, the Customs values of the subject goods have been determined under Section 25(9) read with Section 25(7) of the Customs Act, 1969 further read with Customs Rule 121(2) of Customs Rules, 2001.

4. **Customs Values for Spark Plugs - hereinafter specified** shall be assessed to duty / taxes at following Customs Values:
